

HDR (High Dynamic Range) Hands-on Workshop

Best of Show Northern California Professional Photographers Feb 2009

Saturday September 26th 2009 8 am until 5 pm

Limited to 12 students \$99 early bird by July 30th, or \$120 after.

This is a special hands-on workshop to help you master HDR photography and post production of the images.

- The workshop will walk you through the start to finish A-Z workflow for great HDR.
- Learn the meaning and what the **HDR** buzz it all about, and how to add it to your portfolio.
- Learn how to capture HDR with your DSLR cameras, settings, and proper bracketing.
- Learn what subjects or scenes work best for HDR and the limits of HDR and your equipment.
- Learn the workflow for producing great HDR with Photomatix Software, and Photoshop.
- Learn the secrets that produce the best HDR images and how to WOW your friends or clients.
- Geared for both New and Experienced HDR shooters. Advance Amateurs, or Professionals.

Agenda:

Morning: Need: DSLR, Tripod, and cable release.

- Start 8am coffee; get acquainted, brief overview of HDR, setting your camera up for HDR.
(Tip: Read your camera manual before hand and know how to set up the auto bracketing)
- Morning shoot excursion to old downtown Clayton for some hands on HDR shooting.
- Noon-1pm lunch on your own.

Afternoon: Use of Photoshop, Photomatix download free trial- <http://www.hdrsoft.com/download.html>

- Laptop useful but not required just follow and take notes.
- Upload images and evaluation in Lightroom or Bridge.
- Processing (rendering) the HDR in Photomatix.
- Fine turning the HDR in Photoshop.
- Combing HDR Panoramas and understanding the workflow.
- 5pm farewell.

PPA Members will receive 1 merit for this class
